

Municipal Corporation Chandigarh Notification

No.MC/MOH/SS/2017/10824

Dated: 31.08.2017

The Commissioner Municipal Corporation Chandigarh in exercising the powers conferred vide Section 3(A) of Chandigarh Municipal Corporation (Sanitation & Public Health) Bye Laws 1999 further amended vide Local Govt. Chandigarh Administration vide Notification No.808-FII(8)-2017/6135 dated the 12/7/2017, hereby notify for segregation of waste at source and its door to door collection system in the Municipal Corporation, Chandigarh as under:-

1. It is mandatory for all the waste generators (Households, commercial establishments, organizations etc.) to engage door to door waste collectors.
2. Rates for door to door waste collection have been notified by the Municipal Corporation, Chandigarh to be paid by the waste generators (Households, commercial establishments, organizations etc.) to the door to door waste collectors.
3. The notified rates shall only apply for those door to door waste collectors who have been duly certified by the Municipal Corporation, Chandigarh. In case the waste generator (Households, commercial establishments, organizations etc.) is not taking the services of the door to door waste collector, the notified rates shall be collected by the Municipal Corporation as arrears of water bills.
4. The certified door to door waste collectors will get following one time support from Municipal Corporation, Chandigarh:-
 - a) Free repair of cycle cart.
 - b) Free provision of Six nos. of bins for collection of garbage in a segregated manner.
 - c) Free provision of gloves, fluorescent Jacket, mask & Cap.
5. In each Sector the door to door waste collector will nominate a team leader who will ensure collection of waste on regular basis & in a segregated manner.
6. The area Sanitary Inspector will do the regular monitoring to ensure smooth functioning of waste collection & transportation system in a segregated manner.
7. Every waste generator (Households, commercial establishments, organizations etc.) shall keep waste in segregated manner that is wet & bio-degradable waste in green bin and dry & non-biodegradable waste in blue bin. In case of non-segregation of waste by the waste generator, the door to door waste collector should refuse to take the waste and inform the nominated team leader who will further inform the Sanitary Inspector of the area.
8. Door to door waste collector shall collect & transport the waste in a segregated manner & deposit the same in the designated collection point of the Municipal Corporation, Chandigarh.
9. Waste generator (Households, commercial establishments, organizations etc.) may inform the concerned area Sanitary Inspector about the existing door to door waste collector whose services they are taking, for certification and necessary action.
10. In case of non availability of door to door waste collectors in any area, the waste generator (Households, commercial establishments, organizations etc.) may inform the concerned Sanitary Inspector, who will assign door to door waste collectors to that area.
